COLUMBIA UNIVERSITY PROGRAMS

(787) The Fourth Annual NDEA Seminar on Foreign Area Studies will be held at Columbia University on February 28-29, 1980. This is a two-day conference to review research frontiers in area studies along with the strategies and techniques for teaching area studies. The conference is particularly designed to emphasize issues and raise questions relevant to area studies programs at the small college. This year it will emphasize topics in the humanities as well as the social sciences.

As part of its Outreach Program, the Columbia/CUNY NDEA Center for Western European Studies is sponsoring a Speakers Program on Western Europe. The program sends faculty members, research associates and advanced graduate students to speak on college campuses during the 1979-1980 academic year. Speakers from the Center will be prepared to offer formal lectures as well as meet with classes and small groups in formats preferred by host colleges. The Center will pay speaker honorarium and the host institution will be asked to provide meals and travel support.

NATIONAL COUNCIL FOR SOVIET AND EAST EUROPEAN RESEARCH

(788) The National Council for Soviet and East European Research invites proposals for research contracts in its 1979-1980 Research Program. This program will concentrate on processes of change in the contemporary Soviet Union and the states of Eastern Europe. It will be especially concerned with the ability of the regimes to foster, manage, and contain these processes and with the possible systemic and strategic corollaries and consequences of their efforts to do so.

The Council will receive proposals on a continuing basis and will review and contract for approved proposals on a semi-annual schedule of November 1 and May 1. Proposals already on hand, and those received in final form before November 1, 1979, will be reviewed in time to send notice of the results of the review to applicants before February 1, 1980. Subject to the availability of funds, and to successful negotiation of contractual terms, the Council will seek to conclude contracts for approved proposals as early as possible, with the objective of having all of them funded before May 1, 1980. The same review and contracting cycle will start again on May 1 for proposals received between November 1 and May 1; and again November 1, 1980 for proposals received in the preceding six months.

Guidelines for the preparation and submission of proposals are available upon request addressed to: The National Council for Soviet and East European Research, 1 Oxford Street, Cambridge, Massachusetts 02138.
